

AMENDMENT**Amendment to Drawings**

Applicants are enclosing a copy of FIG. 6 with red markings to indicate a proposed change to change original reference number 128 to reference number 126.

Applicants are also enclosing a formal drawing of FIG. 6 that includes the requested change shown in red in the accompanying marked up drawing.

Amendment to Claims

Please amend the claims as follows:

11. (Amended) A memory article comprising:

a first electrode disposed on a substrate;

11/ a ferroelectric polymer structure disposed over the substrate [and the first protective film];

an upper protective film disposed over the ferroelectric polymer structure;

and

a second electrode disposed above and on the second protective film.

30/ 30. (Newly added) The memory article according to claim 11, wherein the ferroelectric polymer structure comprises a spin-on polymer layer disposed over the substrate.

CLEAN VERSION OF CLAIMS PER 37 CFR § 1.121

11. A memory article comprising:

a first electrode disposed on a substrate;

a ferroelectric polymer structure disposed over the substrate;

an upper protective film disposed over the ferroelectric polymer structure;

and

a second electrode disposed above and on the second protective film.

30. The memory article according to claim 11, wherein the ferroelectric polymer structure comprises a spin-on polymer layer disposed over the substrate.
